

For the majority of hepatitis B patients, the difficulty is often not trapped in the hepatitis B, but suffers from the ignorance of hepatitis B-related knowledge. This book brings together some of hepatitis B comrades medical treatment, the disease resistance of the spiritual path, about their struggle and perseverance, laymans language about his own feelings and experiences in the prevention and control of the rehabilitation process and essentials. Some of the contents of the patients have practical significance, and invited a renowned liver specialist on the part of the article comments. For hepatitis B patients, it is necessary to adhere to medical treatment, but also psychologically positive response, to enhance the effects of treatment can still be a happy life. To treat hepatitis B, is to treat yourself.
