Wouldnt it be AWESOME if all those habit and goal setting books actually worked. If finding your path to true fulfilment, happiness, and living well was just another book away. Ive tried them all, none of them worked. Hell, I usually didnt even finish the book! But, after 25 years of chronic procrastination, I FINALLY found an answer. Finally found a way to be productive, motivated, excited and more. I want to help you too. Why Procrastination Is Your Friend...If You Let It Be. In this book, best-selling author Stephen Reed takes an introspective look at his procrastination habit, and why nothing seemed to work to get him fired up about his life, his work, and his future. He shares HIS story and solution with you, if you dare to try it. Whether you are looking to build a new business, one where you have freedom, success, and enjoyment, or you just want to get your life on purpose and enjoy every day, this book can help you... Does Life Seem Ordinary? Dull? Are You One Of The Mediocre 95%? You are not alone. Statistics suggest that only 5% of the population find success, freedom, financial security and long term happiness in their lives. 5%? WTF! Where are we all going wrong? There IS A Simple Solution. Its Not Easy, But It IS Simple. What Did You Love To Do As A Child? What Lights You Up As An Adult? What Do You LOVE To Waste Your Time Doing? What Would You Do For No Pay, Without Even Being Asked? What Do You Procrastinate About? What Does Your PERFECT Life Really Look Like? Rather than battling procrastination and inertia, trying to set goals and force yourself to try to create good habits, most of which you will never stick to, the author suggests you use those feelings as an inner compass, to guide yourself towards your true purpose, and to seek out activities that you truly love. Get good at them, and you will be a valuable commodity. You Have To Give Yourself A Chance At Happiness, Success And Living Well The alternative is a life of mediocrity, a life of being average rather than exceptional. A life of getting by, rather than flourishing. No-one deserves that, but it is what all but the few will take to their graves. Be different. You never know how far it could take you. This book will help you to: Understand yourself, what drives you, what lights you up inside. Learn why you must embrace those passions, and use them to form the basis of your lifes work. Realise that procrastination is a gift, not a curse, a pointer away from the mundane, and towards a life of purpose, fulfillment, and incredible joy. Develop all the self-knowledge you need to succeed. Get started on building the rest of your life This Book Could Turn Your Life Around Ive written this book to help you, and to help myself.
